

TT EASY ADR

TT EASY ADR 200

TECHNICAL FEATURES:

Transportable tank, made of HDPE, suitable for transport of diesel fuel and fuelling site vehicles.

It comes with a pump, for faster refuelling. Light and compact, the TT Easy is simple to handle, and has integral forklift slots at the base for assisted lifting.

TT EASY ADR models are available in 200, 460 and 600 litre versions.

All tanks in the TT Easy range are made of cross-linked HDPE and come with:

- 12V – 40 lt./min. electric pump;
- automatic nozzle with special nozzle holder integral to tank;
- 4 mt. flexible hose;
- hinged, lockable protective cover.

On request, a digital display pulse meter can be installed.

All TT EASYADR tanks are fitted with homologated devices CE marking and ADR documentation.

TT EASY ADR 460

TT EASY ADR 600

MODEL	CAPACITY (L.)	DIMENSIONS (MM)	WEIGHT	FLOW RATE	PUMP UNIT
